IMPORTANT NOTICE FOR ALL CHAPTERS OF ISAS AND INDIVIDUAL MEMBERS OF ISAS:										
A.Revised Membership List of ISAS:										
1. This is the Updated Membership List of ISAS, in which all feed back from EC, Chapters of ISAS and/or Individual Members of ISAS, obtained after the Draft Membership List was displayed in ISAS Website for a long time. Hence, this is deemed to be the Updated Version of ISAS Membership List approved by all the Chapters of ISAS and the EC of ISAS.										
2. This Membership List is frozen for the time being to facilitate the conduct of Election of the EC of ISAS for the period of 2023-2026.										
3. This Version of the Membership List is circulated to EC and Chairperson of all Chapters, and therefore, has the approval of all concerned.										
B. Reason for Revising the ISAS Membership List:										
As many old Members who were In service have retired and have not informed the EC of ISAS, from time to time over the past several years, about their current whereabouts/ contact, etc, nor the various Chapters of ISAS have taken care to update the information and/or add the new Members (if any, after payment of the dues to HQ) the current EC felt it is essential to update the Membership List. Accordingly, a "PRELIMINARY DRAFT OF THE REVISED MEMBERSHIP LIST - ISAS 2021" was prepared and displayed in ISAS Website.										
2021" was prepared and displayed in ISAS Website.										
2. Many relatively newly joined Members also need to be updated and a Chapter wise consolidated List of Members, vetted by all Chapters (against the record of dues paid to HQ) was prepared and consolidated, based on the responses from the Chapters.										
3. The above Preliminary Draft List was prepared and circulated through ISAS Website to invite corrections, if any, in the same format, from all Chapters of ISAS and to incorporate the Feedback from Chapters (subject to updating of all payment dues to HQ), to correct errors, if any, in preparing the consolidated Membership List of ISAS.										
4. After incorporating the feedback and weeding the duplicate entries, if any, the Membership List is now frozen and finalized by EC of ISAS for approval by GB.										
5. If it is noticed that there is any duplication of Membership Numbers, The EC of ISAS reserves the right to reallocate the Membership Numbers and announce such a Final Revised Membership List through The ISAS Website.										
6. Provisions will be made to include any left out genuine Members, at any point in future, subject to their proving their Claim to the satisfaction of EC, ISAS. The decision taken by EC shall be final in the matter and binding on all concerned.										
7. This process and this version of updated Membership List of ISAS have the approval of EC, ISAS.
